Dr. George A. Hashim
Associate Research Director
Council for Tobacco Research
900 Third Avenue
NY, NY 10022

Dear Dr. Hashim:

It was a pleasure to talk with you over the telephone regarding the research interests of the Council for Tobacco Reseach. Since I work on an oncogene that is important for macrophage function, I think that my application would be well received by your research committee. At the present time I am in the third year of my First Award from the NIH, and to keep my present level of productivity I need an additional source of funding.

I would appreciate very much if you would send me all the forms and information required to submit a grant application and to acquaint myself with the research aims of the Council for Tobacco Research.

With best regards,

Sincerely,

Ricardo A Feldman
